## The Exciting Role of the Audience

21st Annual "Art In Motion"

The young performers which you will see and hear today strive for and feed from the applause and the excitement of the audience. For several months, these performers have devoted countless hours of hard work toward a form of art that will truly impact and change their lives forever. As an audience member, we ask that you show your support and help to continue inspiring these young musical artists by cheering and clapping when called for and appropriate. Cheer on each band as you would your own! We thank you for supporting some of Ohio's best youth, and we hope that you enjoy *art in motion*!
